H. B. PALMER. SCOUT EXECU-TIVE, RETURNS.

Our Scout Executive, the Hired Hand, has returned.

A Radiogram message from on board the Steamship Momus was received last Friday, saying, "We are off Key West. Arrive at New Orleans Friday." He made his appearance at the office a little while Saturday; glanced through the accumulated mail; unloaded several hundred sheets of notes, books, carls, and pictures; and began mapping out work that will mean some contributions of time on the part of every interested adult leader and father in

Mr. Palmer was called to a meeting of the Camp Site Committee at Barksdale Monday morning. We hope to have some interesting Camp news the Anvil Herald office. next week. Mr Palmer reported that Mr. Brown, Chairman of this Camp Committee, was meeting with some obstacles, and then gave voice to this observation: "But it is going to take some 'Whoppers' to stop that committee, headed by Mr. Virge Brown of Rock Springs."

Mr. Palmer states in a letter to the Executive Board Members, "I be back home again. This inspiration, training and special study which A delicious lunch was served to is required of every Scout Executive in the U.S. A., that has been daily, seven days in a week the past Alfred Rudinger and family, Mr. and month, I expect to pass on as best

## TEXAS AND TEXANS.

By Will H. Mayes.

Gas Supply Increases Despite the constant increasing use of natural gas in Texas, the available supply is increasing. Texas is now second in gas production and consumption among the states. While the search is primarily for oil, many of the wells being sunk in the oil fields produce gas in such paying quantities that they are piped to connection with the gas pipe lines that are furnishing heat to most of the

Picturesque Border Route Preliminary surveys are being work faster. made for a highway in border coun ties near Laredo that, if completed, will be one of the most picturesque scenic roads in America. It will follow closely the Rio Grande River from its mouth to El Paso. Near Brownsville it would connect with a highway that would skirt the Gulf of Mexico to Port Arthur. Many years and great sums of money would be required in the construction of such a road, but it would become world-noted and attract multiplied thousands of tourists.

Abusing State Highways It is becoming inevitable that the Legislature can not much longer delay some action looking to the better protection of the state highways from the abuses of bus and truck transportation. They are becoming a menace to both the roads and to travelers. The most traveled roads are thronged with these heavy vehicles, many of which are operated at dangerous speeds in a way to crowd the lighter cars off the roads. Heavy truck trailers swing from side to side of the roads on the curves, destroying the roads and endangering lives. Bridges are made to carry loads that are too heavy. The taxpayers are grumbling that the roads built by them are made to carry traffic that should be borne only on heavy steel

Increasing Phone Rates San Antonio is one of the Texas cities that is having a tussle with Devine. the telephone company over efforts to increase rates. Several months ago babe from Tarpley spent the week-telephone rates were advanced from 25 to 35 per cent. The city tried LA Watson 25 to 35 per cent. The city tried to enforce ats rate control ordinance, a temporary injunction obtained by telephone company. The company is seeking to perpetuate the injuction, and, if it succeeds, the city's controlling ordinance will be nullified. Other cities and towns are wondering what will happen to them if San Anthoio should lose its fight. Taylor Gets Water System

Taylor has taken the steps to control its own water supply by buying the water plant from the company that has owned and operated it. Tay lor had under consideration the build ing of a plant of its own and had voted bonds for that purpose. All the pre iminary steps had been taken to that end, but a satisfactory solution has been found of the differences between the people and the water company through the purchase of the water plant by the city.

American Legion Convention While the crowd that attended the American Legion convention at San Antonio was not more than a thir as large as was originally expected it was about all that the city coul handle well. There was little over erowding, and that pleased both th Legionnaires and their entertainers. Large numbers of the 50,00 or more came to Texas to see again the place where they had trained for service They visited the cities and towns which they were trained and noted! the progress of the past ten years. Many of them lingered in the state far beyond the convention period. Some of them remained in Texas and; still others are coming back to live. Uvalde District held their zone meet in extending hospitality to these veterans San Antonio rendered a genu- tulla, Pearsall, Devine, Moore, Honde ine service to all Texas.

Building Public Hospitals A number of Texas counties hav built county hospitals through special tax levy. Bee County will hav an election next month on a \$125,000 bond issue for a hospital building Hospitals have become a public ne cessity, and public hospitals, at which patients are charged only such fee as are necessary for their mainten ance, are finding favor with the peo-Whether there is reason or not for the opinion, there is a belief prevalent that most privately owned and church hospitals make charges out of proportion to the services render-This feeling largely accounts for the building of many municipal and county hospitals.

Turkey Crop Short

The chances are that those who have turkey dinners in Texas at Thanksgiving and Christmas will have to pay about 30 per cent more than they paid last year. The crop of turkeys is said to be short about that much and the turkey business is well enough organized to be regulated by supply and demand, which is not true of most agricultural lines and bylines. For instance, the pecan crop, while fully 50 per cent short of last year, is selling for but little more.

Air Mail Increases

Many people do not understand that they can send an airmail letter weighing two ounces to any part of the United States for 5 cents .Airmail letters dropped into a post

office at which airmail planes do not at the session of this meeting. A good . . . . . . . . . . . . office and forwarded there by reg- cieties. ular mail. The airmail speeds up let-

## HONDO SCORES TWICE AT FIN-ISH TO BEAT UVALDE.

Hondo High School scored its third victory on the football field this year when it defeated the Uvalde Coyotes here Friday afternoon, 24 to 12.

Hondo scored in the first quarter on line plunges through center when Don Windrow went over with the

Uvalde scored two touchdowns in the second quarter to take the lead 12-6 on an intercepted pass at 40 yards and 40-yard run, followed by a line plunge for the second touch-

Two touchdowns in the last quarter decided the issue when Homer Rothe threw a 20-yard pass to John Finger, who ran 20 yards to a touchdown and Joe Finger followed with a 20-yard run off right tackle to a touchdown.

Bohlen intercepted a pass on the 20-yard line to bring the ball to the 5-yard line. Taylor plunged line for touchdown, tying the score.

Score by quarters: Hondo ...... 6 0 6 12-24 Uvalde ..... 0 12 0 0—12 Lineups:

Hondo-Nester, L. End; Bohlen, L. Tackle; Strawn, L. Guard; W. Meyer, Center; Fusselman, R. Guard; V. Wiemers, R. Tackle; Rothe, R. End; Don Windrow, Quarter; A. Haegelin, R. Half; John Finger, L. Half: Joe Finger, Full. Subs: Taylor, C. Steinle, Speece, Murray, Leinweber, Joe Steinle.
